PROFESSIONAL SUMMARY

Geomatic Engineering graduate (JKUAT, 2025) with hands-on experience in GIS, remote sensing, and land surveying, and a track record of applying Python-based geospatial analysis to real-world environmental and infrastructure projects. Published co-author in two peer-reviewed journals on remote sensing and machine learning applications in forest ecosystem monitoring. Skilled at translating field survey and satellite data into actionable maps and reports; recognized for collaborative, solutions-driven delivery of high-quality geospatial outputs.

CORE SKILLS

GIS & Remote Sensing: ArcGIS, QGIS, Google Earth Engine, ERDAS Imagine, LiDAR
Programming & Data Analysis: Python, R, JavaScript, PostGIS, Machine Learning, Deep Learning
Surveying & CAD: AutoCAD, Civil 3D, Total Station, RTK, Cadastral Surveying
Cloud & Data Platforms: Oracle Cloud Infrastructure, Copernicus, Earthdata, USGS EarthExplorer
Core Competencies: Communication, Critical Thinking, Research, Teamwork, Problem-Solving

PROFESSIONAL EXPERIENCE

Geospatial Intern, Nile Surveys and Geo-Solutions Ltd Dec 2025 – Present

- Digitized drone imagery to support mapping and analysis workflows.
- Created location, topographic and thematic maps for multiple client projects.
- Performed static field observations and beacon re-establishment using RTK and Total Station equipment.
- Conducted engineering road surveys using Total Stations.
- Prepared field survey reports for the Affordable Housing Program across select project areas.

Geospatial Intern, Kenya Space Agency Jan 2024 – Apr 2024

- Developed Python scripts to process satellite imagery and visualize remote sensing outputs for agricultural monitoring under the Agriculture Information Management System for Murang'a Project.
- Reviewed and edited Space Club educational content to improve scientific accuracy and readability for young audiences.
- Served as rapporteur for the Earth Observation Workshop, compiling and presenting a comprehensive final report.
- Coordinated data entry and logistics for Kenya Space Expo 2024, supporting smooth event delivery.

Survey Intern, Ministry of Lands, Public Works, and Urban Planning – Thika Jan 2023 – Mar 2023

- Assisted in cadastral surveys and field documentation.
- Conducted mutation checks and computations to validate land parcel changes.

Relationship Officer, Equity Bank Kenya Ltd – Westlands Feb 2019 – Aug 2019

- Delivered customer service support and handled teller duties, transaction processing, and financial record maintenance.

EDUCATION

B.Sc. in Geomatic Engineering and Geospatial Information Systems Sept 2019 – June 2025
Jomo Kenyatta University of Agriculture and Technology (JKUAT), Juja

Kenya Certificate of Secondary Education (KCSE) – Grade A (82 points) Feb 2015 – Nov 2018
Moi Forces Academy, Lanet
